

E2M8

2U 8-Bay Storage Server Rackmount Chassis

Introduction

The E storage server series rackmount not only has the stylish appearance, but the functionality and flexibility make E series a new breed of storage server. As SAS and SATA technology has become a more cost effective solution, iStarUSA has taken a step forward to prepare the migration of new technology and provide the mini SAS backplane to support both latest SAS and SATA hard drives. iStarUSA also provide redundant power supply to ensure total up time of mission critical server applications.

Features

- Fiber Optical Drive Tray Status Indicator
- Advance Thermal Cooling Design Optimizes Airflow
- 4 x 80mm Cooling Fans with Status Monitor
- Support EATX Motherboard
- Mini SAS Backplane
- Front Access USB Connector
- Power + Fan Failure + HDD LED Indicator
- Power/Alarm Reset Switch
- Fully RoHS Compliance
